Notes:

- In a head-count total, students are counted as units even if they are part-time students taking less a full-time curriculum.
- The 2005 2009 head count totals shown were extracted from the HEMIS Sub 3 student tables for each year.
 Unique head counts were extracted using the derived head count enrolment data element. Enrolments in unfunded certificate programmes (such as the AIM) were added to these totals.
- 3. A faculty's head count total is the total of students enrolled for the various degrees, diplomas and certificates

Notes :

- 1. These success rates are the weighted averages for the undergraduate courses offered by the departments in each faculty, extracted from successive HEMIS submissions
- 2. Honours students are not included in 400-level courses. Only 400-level courses offered towards professional undergraduate degrees have been included.
- Courses taken within the GSB have not been included in these calculations.

Notes:

- 1. The Business/Commerce CESM group includes CESM 04 courses only
- 2. The Science/Technology group includes CESM 02,06,08,09,15 and 16 courses
- 3. The Education CESM group includes CESM 07 courses only
- 4. The Broad Humanities CESM group includes courses in all other CESM categories, including CESM 13 (Law)
- There were outstanding results for a number of courses in CESM 07 (Education) at the time of this analysis,
 - hence the artificially low pass rate in 100-level and 200-level courses in this group.

The data for these tables was derived from Heritage (2005) and PeopleSoft (2006 - 2009) at the end of each academic year. It does not include students who cancelled during the year. The totals should not be expected to tally with those in Table 2, which are HEMIS derived.

Notes:

1. This table is an analysis of the academic progress of the 2001, 2002, 2003, 2004 and 2005 FU cohorts carried out five years after their initial enrolment at UCT

In the case of EBE, the 2001 - 2004 analyses were carried out over 6 years. The 2005 cohort will be updated next year with an additional year of data.

2. Students who graduated did not necessarily obtain their degrees in the faculty in which they first enrolled as FU students.

3. Students continuing their studies were not necessarily registered in the faculty in which they enrolled as first-time entering students. 4.

Students dropping out in good academic standing are students who had left the University without completing a degree, and whose

final undergraduate academic progress codes entitled them to re-register for undergraduate studies at UCT.

The Commerce intakes include students enrolling for the 3-year BCom and for the 4-year BBusSc

6. The Engineering total is for 4-year degrees only.

7 Percentages are to be read down each column.
